

PRIVATE DINING EXPERIENCES

The Union Club Hotel at Purdue University offers new, intimate dining experiences that are founded on our rich history, culinary expertise and best-in-class service.

Extraordinary moments are pioneered by greatness. We see this in the lives of Purdue Alumni like Neil Armstrong who served as the Command Pilot for both Gemini 8 and Apollo 11. Our private dining room experiences are inspired by this same type of bold ambition. Whether you're seeking to host a larger group, or enjoy the company of a few around our Chef's Table, our sales team is ready to help you plan and launch a successful event.
