

RumBa

RUM & CHAMPAGNE BAR

Rum was New England's most popular trade item and a favorite drink choice among locals in the seventeenth and eighteenth centuries.

Ironically, our name has nothing to do with the famous Latin dance, "the Rumba," but is actually a Bostonian's classic pronunciation of "Rum Bar" (the 'r' in 'Bar' being silent).

RumBa pays tribute to Boston's rich rum history in a lively rum-themed bar serving bold appetizers, creative cocktails and an international collection of distilled and vintage rums. Rhythmic Caribbean and Latin music sets the tone for RumBa's laid-back atmosphere.

The Perfect Venue For Your Next Event

RumBa offers a distinctive and vibrant setting, attentive service and a creative menu that will have your guests raving about your event for years to come. To learn more, please contact us at 617 217 5013.

Sazerac Company, named after the drink, started off as the Sazerac Coffee House located on Exchange Alley. Today, Sazerac Company is still an independent, American family owned company and they own many of America's most venerable distilling companies

Hennessy

Richard Hennessy, a young Irish soldier, retired from the army and settled in Cognac, France. There he began sending barrels of aged cognac back to his family and friends in Ireland. The popularity of it was undeniable, and in 1765 the House of Hennessy was established. There are six growing areas, yet Hennessy only uses eaux-de-vie from the four top “Crus”.

Bourbon is an American **Whiskey**, distilled and made primarily from corn. The spirit was named after its birthplace in Bourbon County, Kentucky. Bourbon has been produced since the eighteenth century.

Sour Mash means that a part of the distillation residues is added to the mash again. After the mash has been prepared with fresh spring water it is chemically neutral, which means the chemical environment is neither acidic nor alkaline.

Rye is made from at least 51% rye. The higher percentage of corn makes bourbon sweeter and smoother. Both spirits are also aged in new, charred, American-oak barrels.
