SPA GUIDELINES

Spa services are available for guests ages 16 and older (subject to limitations and parental supervision). A selection of nail services are available for guests of all ages (subject to limitations and parental supervision).

18% service charge will be added for each spa service you receive. You will be able to add additional gratuities at your discretion.

Arrival and Check-In Procedure

We invite you to use all the spa's features, including the steam shower and relaxation lounge, before and after spa treatments. We request your arrival at least 20 minutes prior to your treatment time, providing you with ample time to check in and prepare for your spa experience. Should your arrival be delayed, please note that your treatment time will be reduced accordingly so that we may serve the next guest on time. Late arrival will still result in full charge for your requested service, even though your actual treatment time may be reduced. We request that you do not bring jewelry or valuables to your spa experience.

The spa is not responsible for lost, stolen, or misplaced items.

CANCELLATION POLICY

Your reservation requires that we schedule spa staff and hold appointment times just for you. As a courtesy and to avoid service charges in full, we require 24-hour notice should you need to change or cancel your reservation.

conscious skin science

CONSCIOUS SKIN SCIENCE

Since skincare products feed and nourish the skin, we are extremely rigorous about what goes into our formulas.

We prioritize the use of natural-origin ingredients, which achieve high percentages up to 99%. Safer and more effective, our formulators use advanced high-tech molecules and innovative carrier structures to maximize efficacy and safety.

All the products, strictly conceived and manufactured in Italy, do not contain parabens or mineral oil, and most importantly, they are silicone-free.

The silicones have been substituted with oils and butters for a "real active beauty." All our formulas are dermatologically tested, and we only use clinically-tested fragrances.

MEMORABLE AND EFFECTIVE EXPERIENCES

Inspired by ancient traditions supported by advanced scientific studies, our unique massage and treatment rituals express the power of touch in a unique way. Enhancing the benefits of our formulations, they stimulate mind and body regeneration.
