REALITY OPTIONS

reality options

For those who have always wanted to compete in the fun and sometime crazy TV show competitions... now you can! Imprint has created teambuilding challenges inspired by some of the most popular TV reality and game shows. Reality based teambuilding challenges bring groups together through friendly competition, teamwork, creativity, and communication.

Amazing Race

This take on the TV show, The Amazing Race, takes teams on a fun adventure around the hotel or around town. Every team gets a Team Packet that includes a map, written instructions, team colors, and clues. Along the way, they will encounter a challenge in order to get a clue to their next challenge. Teams will receive points based on both time completed and points awarded from challenges and questions.

In it to Win It

In It to Win It, based off the NBC hit game show "Minute to Win It," involves 60 second challenges using everyday household items. Teams move from station to station to compete in fun, collaborative, and challenging games. In It to Win It integrates strategy, planning, communication, and time management, and leaves participants feeling a sense of collaboration and teamwork with their fellow colleagues!

The Hunt

Imprint's emcee will greet your guests and explain the rules of "The Hunt." After splitting into teams, guests will be given clues to search for answers. They will have to work together to get the most coverage and discover the answers to the riddles! In this game, the TEAM is important and everyone needs to pull their weight. After all, how can you win a hunt without teamwork?!

Give back to a good cause while also building camaraderie and having a great time with Imprint's Charitable teambuilding options. Whether guests have a specific charity or cause they would like to support or want to go with one of Imprint's local partners, they've got several worthy options and are always up to the challenge to create more! Doing a teambuilding for charity has great benefits for individuals and guests' entire organization.

Build a Bike/Wagon

In this teambuilding, participants play a series of games in order to earn "Funny Money," which is used to purchase items required for building. Fun twists include blindfolds, no talking and more! All bikes or wagons are donated to a children's charity and a representative of the organization is invited to accept the donations at the event.

Project SOS

Project SOS is a teambuilding event sure to bring your company together while supporting the troops and giving back to those that serve our country. Teams will participate in military-themed challenges and earn money to use in the "Military Surplus" store. Teams will then use their money to purchase items and fill their military care package to the brim.

CAN-Struction

With events known for their fun, creative and giving nature- emphasizing morale and teamwork- what better way is there to provide for the local community? In this teambuilding, designated teams work together to build a structure with up to 500 cans that are then donated to a local food bank. Teams coordinate their efforts in the planning, logistics, and design of their structure for judging.

Build a Beehive

With the risk of honey bees going extinct, Imprint loves the chance to help the efforts in keeping their species alive and well. Guests will build beehives to be donated to local gardens with the tools provided. They can also coordinate a representative from the donation place of choice to come and speak to the group about how their contribution of beehives is truly making a difference! Let's make a BUZZ!
