Barnsley
RESORT

The History of Barnsley Resort

The resort's namesake, Godfrey Barnsley, married his beloved Julia nearly 200 years ago, beginning our long tradition with fairy-tale romance. In her honor, he completed a grand 19th century Italianite villa surrounded by both formal English boxwoods and natural woodlands gardens in the heart of Northwest Georgia. Julia and Godfrey's great love story continues as couples echo their vows amidst the dramatic ruins of their grand Barnsley manor home.

Today, Barnsley Resort pairs the fabled romantic origins of Godfrey and Julia with a charming luxury resort experience. With its unique English-inspired village setting, located just an hour from Atlanta and Chattanooga, Barnsley Resort offers an idyllic location for your dream wedding. A variety of indoor and outdoor venues are available for gatherings large and small, and for every step of the celebration when planning an event in any season.

A dedicated team of wedding specialists is devoted to making your experience seamless, so all that you have to do is enjoy the festivities with your future spouse. Our Wedding Team is supported by an experienced team of colleagues from expert culinarians to banquet professionals dedicated to making each wedding memorable and authentic based upon your wishes and specifications.
