

FACIAL CARE

The Spa at Bernardus is proud to partner with Éminence Organic Skincare which shares our core philosophy of fresh ingredients, sustainable farming and natural, potent beauty. Products are made from fresh fruits, vegetables, herbs, pulps, plants and exotic spices making them incredibly rich in nutrients and active compounds. Éminence skincare is not only the healthiest choice, but also the most effective, results-oriented collection available. By choosing pure organic ingredients, Éminence ensures their products are free of harsh chemicals, added parabens, petrolatum, mineral oils and propylene glycol. Each of their vitamin-dense ingredients are handpicked, hand prepared and combined with thermal hot spring water to create sustainable products that contain powerful healing and beautifying properties.

Bernardus Essential Facial

Our organic skincare line highlights active herbal extracts, fruit enzymes, seeds, and pulps to impart the regenerative and healing power that only nature can produce. This personalized treatment seeks to remedy specific skin care concerns utilizing the therapeutic and energizing properties of all natural exfoliants, peels, and rich hydrators. A customized blend of treatment and prevention, this gentle facial leaves you with balanced skin and a radiant complexion.

NuFACE® Transformation Facial

Coined as “pilates for the face” or the “non-surgical face lift,” this treatment offers instant gratification. The NuFACE® FDA-approved microcurrent device stimulates delicate facial muscles to reduce fine lines, wrinkles, and puffiness by lifting and toning the skin.

Gentleman’s Facial

Look your best with this tailor-made treatment dedicated to the specific needs of a man’s skin. A deep pore cleansing and exfoliation help prevent ingrown hairs and alleviate irritation from shaving. A pressure-point facial massage, customized mask, and light conditioning moisturizer will leave you confident and ready to face the world. Please refrain from shaving at least four hours prior to your appointment.

Bernardus Prestige Facial

This signature two and a half hour service offers the ultimate in skincare, utilizing the finest ingredients and latest technology. A comprehensive skincare consultation, an in-depth cleaning, and a regenerating peel will reveal smooth and radiant skin. A thorough lymphatic massage will relax any remaining facial tension. After a specialized firming mask treatment, microcurrent therapy combined with carefully selected serums will further tone and define facial muscles. A rejuvenating eye treatment, relaxing scalp massage and hand treatment will complement the service. To maintain the results, a customized jet-setter friendly home care kit will be yours to take with you.
