Cove Haven Resort Announces An Interactive Murder Mystery in September!

Cove Haven Resort is excited to announce the addition of a two day interactive Murder Mystery event on September 18th and 19th.

The Murder Mystery will involve guests on property and allow for full interaction as they witness a staged murder. Guests will be able to interview witnesses and other character actors while searching through clues, hints, and red herrings scattered across the resort property. Guests can expect staged events and actors to occur and appear throughout their entire stay at various points of the resort, keeping them involved with the entertainment on both Friday and Saturday.

The solution to the entire interactive mystery will be revealed Saturday night as the audience chips in to help solve the mystery with the clues they've gathered. "We wanted to bring entertainment to the guests they gave me additional activities to participate in," said Kevin Gardner, Cove Haven Entertainment Resorts' Entertainment Manager. "A Murder Mystery is unique in that it allows you to play along while you continue to enjoy everything the resort has to offer." Gardner also noted guests can expect the unexpected, as some team members of Cove Haven Resort may get in on the act as well.

Guests staying on property for the weekend are eligible to participate. Registration for the event can be found online at covepoconoresorts.com/entertainment. For more information on the resorts, including packages and specials, visit covepoconoresorts.com or call 1-888-654-9841.
