The Weekly Covet: Spring Travel Bucket List

Eleven escapes our editors are dreaming of this season.

by **MAGGIE MALONEY** MAR 15, 2019

Once a week, we ask our editors to share the items they've been loving or lusting after—whether it's a *new skincare product* we're dying to try or a *travel essential* we can't live without. Consider "*The Weekly Covet*" your editor-approved wish list for beauty, travel, fashion, and everything in between.

Charleston, South Carolina

"Although New York in the spring is pretty dang charming, it's got nothing on the South. I am planning a long overdue weekend trip to Charleston, South Carolina, to stay in the newly opened **Dewberry Hotel** and soak up the pastel-hued homes, warm weather, and romantic grand oak trees. In between, I plan to keep a steady rotation of biscuits, seafood, and barbecue going at all times."—*Olivia Martin, Style & Interiors Writer*
