

ESPAÑOLA WAY  
SOUTH BEACH, MIAMI

## DISCOVER OUR VIBRANT STORY

Experience a beach bohemian's dream hotel along Española Way on Miami Beach. Originally built as apartments in 1925, El Paseo Hotel features elements of Spanish, Moroccan, Italian, and French architecture, with tile roofs, rounded archways, and charming balconies. Not surprisingly, its stylish flair appealed to Cuban artists who came to live here in the 1950s and 60s, and for 25 years, the building was known as the Española Way Art Center. If you feel inspired to pick up a paintbrush or pen while you're here, there's a whole lot of history backing you up.

### Española Way

## A Charming Mediterranean Village

If you're like us, you travel to unearth something authentic and original, to soak up whatever it is that makes a destination truly unique. In Miami Beach, that place is Española Way. Tucked away from the traffic and tourism of Ocean Drive, this historic cobblestone street was modeled after the iconic Las Ramblas in Barcelona. Stroll along our pedestrian-only promenade and enjoy crepes at a sidewalk café, a chic beach boutique, and authentic flamenco dancers twirling under twinkling lights. The street hums with the energy of singing waiters, South Beach locals, and travelers who come to Española Way from all over the world.

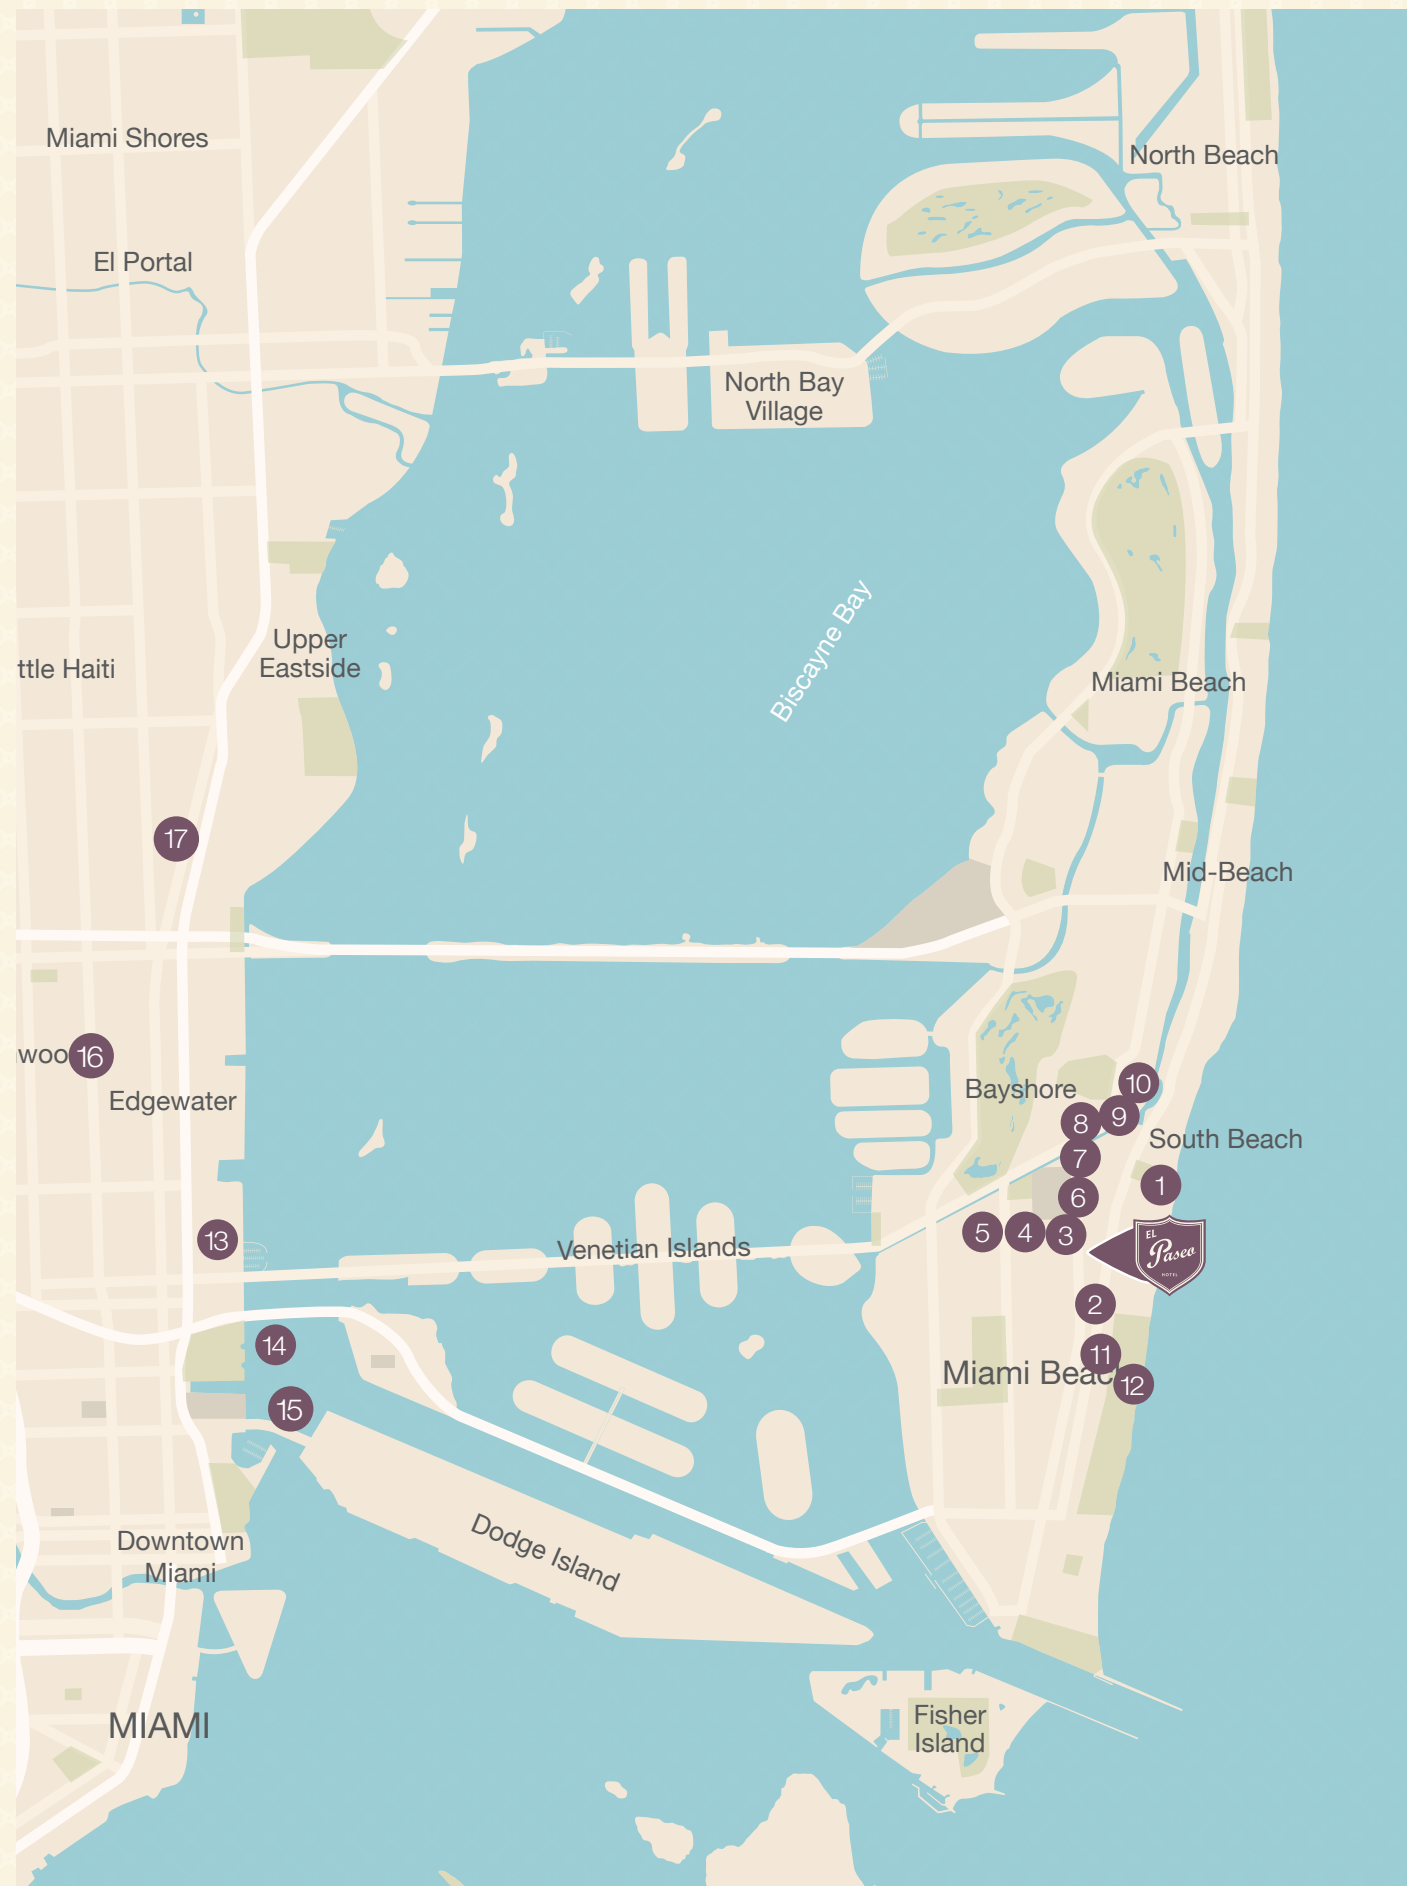

*"Traveling should leave you  
speechless, then turn you into  
a storyteller."*
