WHERE TO STAY IN NASHVILLE:

Fairlane Hotel

Traveler Rating: 5/5

Travelers Say: "We travel extensively, and most hotels are lacking in at least some respect. But, not the Fairlane. It's impeccably clean and feels brand new. The front desk staff could not have been more friendly and accommodating. Loved the bathroom products. The attention to detail (such as TWO shower caps in the bathroom and frequent refills on bottled water) was extraordinary. It felt like home." — TripAdvisor Reviewer
