A Gold Coast Conference Center That's the Gold Standard

One of the first conference center hotels in the US, The Mansion at Glen Cove continues to impress meeting attendees with its astounding grand grounds and estate lawns, elegant and modern guest rooms, views of Long Island Sound and of course, the choice of nearly 17,000 square feet of technologically connected meeting and banquet space. That includes 16 dedicated conference rooms - accommodating from 10 to 300 guests - an outdoor pool area and courtyard to hold meetings, plan activities or host retreats.
