

INSTRUCTIONS TO ADD HARBOUR VILLAGE BONAIRE ZOOM BACKGROUNDS

1. Open the Zoom app and go to your settings.
2. If you are using a compatible device, you'll see a "Virtual Background" option in the menu - select this to add your new background.
3. Inside the virtual background screen, click the "+" button and select whether you'd like to add an image or video.
4. Locate the file on your device and select it to instantly see your new background inside of Zoom.
5. After you upload the custom virtual background, you can use it in any subsequent Zoom call.
6. To access your virtual backgrounds while inside of a Zoom call, click the small arrow next to the "Stop Video" button and then select "Choose Virtual Background..."
