MEET HENRI

Building on its portfolio of NYC hotels, Fortuna Realty Group introduces Hotel Henri, A Wyndham Hotel. A fresh newcomer at the intersection of New York City's Chelsea, Gramercy, and Flatiron districts, Hotel Henri features contemporary guest rooms, a restaurant serving Greek favorites, and a rooftop penthouse bar - all within easy walking distance of the High Line, the Empire State Building, Eataly, and Madison Square Park.
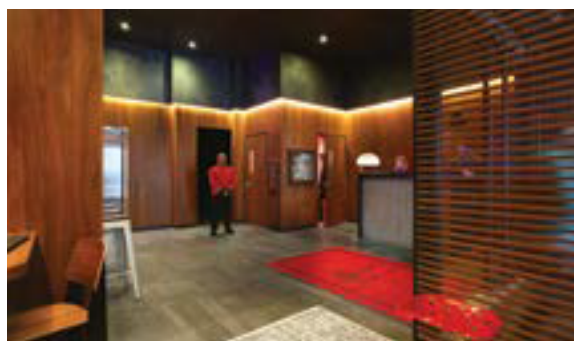

ROOMS

Accented by Italian wood panelling and graffiti-inspired artwork, our 118 modern guest rooms are stylish retreats with Wyndham signature comforts. Pillow-top mattresses, spa-style bathrooms, and in-room Keurig coffee makers ensure guests wake refreshed and ready for a day of meetings or sightseeing. Other highlights include a specially curated mini-bar, flat-screen HDTV, plush bathrobes, and premium bath amenities.

MEETINGS & EVENTS

From top to bottom, Hotel Henri offers unique urban spaces for meetings and events. Sir Henri, our sophisticated rooftop penthouse, is a perfect backdrop for special events for 20 to 120 guests, while the ground floor Ivy Room is a stylish, well-equipped setting for private meetings. Both offer full catering, A/V services and tech support.

DRINKS & DINING

Guests of Hotel Henri enjoy the fresh, delicious flavors of the Greek Isles in our contemporary, Mediterranean-inspired restaurant named Mykonos Blue Grill. Menus change with the seasons, focusing on all-natural ingredients paired with Greek staples like octopus, mussels, lobster, and lamb.
At Sir Henri, the focus shifts to modern cocktails served in a stylish, speakeasy setting.
