Hotel Hugo, New York, NY

What? Hudson Square is an emerging New York City neighborhood, and this swank 122-room hotel with loft-like lodgings is smack in the middle of all its artsy, lively action. Don't miss sipping a cocktail in the glittering glass-enclosed rooftop bar or meeting friends for a decadent meal at Il Principe, the property's upscale eatery serving authentic Italian.

Get me there now! You can easily walk to the Hudson River for a refreshing stroll, or head east toward the shops and scene of SoHo. If you're cabbing it around to different parts of Manhattan for the day or evening, tell your driver to bring you home to Greenwich Street between Spring and Vandam.
