HOTEL HUGO

Just on the tip of western SoHo, the cool, cosmopolitan [Hotel Hugo](#) has emerged. The lobby has live, green garden walls that make way for 124 ample-sized guestrooms and suites above. The easy-going vibe is decidedly industrial, with custom wood finishes and lighting, and the rooms overlook either the Hudson River or downtown Manhattan. The bathrooms have Italian tile along with rain showers and toiletries by Argan Source. The in-house Italian restaurant [Il Principe](#) is a great spot for a memorable meal, and the rooftop bar showcases 360-degree city views. In the morning, cruise around in the hotel's complimentary loaner Vespa.
