

8 Impressive Private Dining Rooms in New York Restaurants

These hot spots are perfect for hosting your next dinner party

Posted February 9, 2016

Il Principe, Hotel Hugo

Capacity: 12 Designed by renowned Los Angeles–based architect Marcello Pozzi, this private dining room at the high-design Hotel Hugo in Tribeca emulates a greenhouse with a skylight and verdant vertical garden. Rather than being removed from the main room, it is separated by only glass so that guests can see and be seen while dining. *525 Greenwich Street; ilprincipeny.com*
