HOTEL HUGO

*Contemporary Luxury in a
Bohemian Chic Atmosphere.*

SoHo Hotel Hugo inhabits a quiet street in Hudson Square, New York City within walking distance of the bustling neighborhoods of SoHo, the West Village and the Meatpacking District. High doors lead into a warm and intimate lobby area that is a perfect marriage of nature and industrial.

The oft-packed concrete floored elevators bring guests up to the 122 guest rooms. The well-appointed rooms are quiet with extremely comfortable beds where guests can recharge after an often exhausting but entertaining day spent roaming the city.

Guests do not have to go far to grab a drink or a bite to eat as Hotel Hugo's Il Principe serves simple, authentic Italian comfort food in a space that features floor to ceiling windows that open to the sidewalk for an indoor-outdoor dining experience. Il Principe's bar serves classic cocktails with an Italian Mediterranean twist.

Hotel Hugo also is home to Bar Hugo and Azul, a rooftop bar serving handcrafted cocktails, with gorgeous views of the Hudson and the surrounding city. Enjoy Happy Hour at this strikingly designed two-level space blending miles of glass with concrete, chrome and luxurious leather finishes.

Hotel Hugo is also a perfect venue for work with its state of the art meeting room with a flat screen television with laptop connection capabilities, wifi access and speaker phone. ♦
