San Francisco has long been a global beacon of innovation, attracting the brightest minds, biggest risk takers, and most ingenious creatives from around the world in pursuit of the next big ideas.

In addition to our address of 888 Howard Street, the number 8 holds a cherished place in Chinese culture as the luckiest number, symbolic of prosperity and success, and relates to the 8-bit binary code universal to all computer processor instructions, in which each letter is represented by a sequence code of eight 0's and 1's.

WELCOME TO BAR 888
