Description:

Looking for an elegant spot for cocktails and a bite, look no further than The Gold Room at Lotte New York Palace. The landmark space created by one of France's greatest interior talents, Patrick Jouin, is almost entirely gold, including its barrel-vaulted ceiling which dates back to 1882. Along with the iconic space comes handcrafted cocktails and elevated small plates from Executive Chef Frederick Tover ranging from ***Black Truffle Frites*** to ***Tuna Tartare*** and ***Smoked Salmon & Camembert Croquettes***. Cocktails include ***The Mrs. Astor***, a Ketel One Citroen Vodka cocktail with Campari, Lemon, Strawberry Reduction, Aquafaba and Balsamic; and ***Hemingway***, with Banks 5 Island Rum, Calvados, Averna, Lime and topped off with Aquafaba. The Gold Room is the perfect for an indulgent night on the town. >>
