## BEST BY BOAT

MARLIN BAY RESORT & MARINA, MARATHON, FLORIDA

Hidden on the sandy shore of the keys collectively known as Marathon is a private enclave perfect for families who boat. **Marlin Bay Resort & Marina's** 13 multi-story villas face a great pool, with the marina and the Gulf of Mexico just a few yards away. Arrive by boat (up to 70ft) and you can dock at the marina; come by land and the concierge can arrange for a boat rental or any excursion in the Florida Keys. You can rent a slip and a villa, just a slip or a villa, for an a la carte vacation in a relaxed private club atmosphere. The marina's outer docks are far enough away that if

you tie up here it feels as if you are spending the night at anchor - albeit with the added safety of a breakwater and the convenience of shore power. The villas are perfectly planned (and maintained) for family stays, with multiple levels, large family rooms, full kitchens, elevators and bedrooms with private baths. If you have caught a fish, you can clean it at the marina and grill it mere steps away from the boat, but if you prefer dining out, nearby there are many options for those perennial favorites: Florida lobster and key lime pie.
