Mission Point update on Coronavirus/COVID-19

Our team has been following all of the news regarding COVID-19. We are rigorously monitoring the evolving landscape of the situation and implementing preventive measures as determined by the Center for Disease Control (CDC).

On April 24, 2020, Mission Point will open its 5th season under the owner and leadership of the Ware family. The health and wellbeing of both our guests and employees are paramount at all times and especially now.

Mission Point's year-round safety committee and operations teams are following guidance provided by the CDC for safe commercial businesses and workplaces, linked [here](#).

Our community on Mackinac Island has also created a task force, which we are a part of, to coordinate with governmental agencies, businesses, attractions, and healthcare professionals as it relates to the health and safety of all visitors, employees, and residents of the island.

The CDC provides more detailed COVID-19 information on its [website](#) and as always, your personal physician is a valuable resource for specific medical questions you may have. If you have any questions about visiting Mission Point Resort, please call us at 906.847.3000 or email:

Liz Ware, Vice President of Sales & Marketing, lware@missionpoint.com

Mark Ware, CEO, mware@missionpoint.com

Brandon Sheldon, General Manager, bsheldon@missionpoint.com

We look forward to welcoming you to Mission Point,

Denny Ware
Managing Partner
