Vision, Perseverance & Execution

These events focus on teamwork, communication and group problem solving. They are exciting and unique options for your attendees.

Build Your Own Boat

Team building at its best! Teams race against the clock to build a working, human powered boat using minimal supplies and a lot of creativity. Building the boat is only part of the fun. Teams also have to decorate and name their crafts, appoint a team captain, and create a wacky team cheer that they will have to share with all. After completing their watercraft, the challenge really begins. Teams will head to our pool where they put their talents to the test. One at a time the teams will christen their boats with an introduction and cheer. Then it is time to put them in the water to compete for the best time. The captain will be required to be in the boat from start to finish.

Length of Event: 2-3 hours

Pricing: \$250 per team (up to 12 people per team). Max of 8 teams.

Sand Sculpting

Great fun for the young at heart! Get a little sandy and create a masterpiece with friends and co-workers, or work independently to bring your creation to life. We can turn the event into a contest or just provide the shovels and tools (maybe even a little coloring for added fun); all you need is your imagination! You can pick your own theme or let us pick one for you.

Length of Event: 1.5 - 2 hours

Pricing: \$350 flat fee

The Amazing Race

Based on the hit television show The Amazing Race, teams compete in a line-up of seven different challenges in order to receive a stamp on their passport. The first team to obtain all their stamps and make it to the finish wins!

Length of Event: 3 hours

Pricing: Starts at \$700 flat fee (up to 5 people per team)

A Plan of Action

Teamwork and cooperation are critical in these events. Work together and take advantage of the variety of talents within your group.
