

TAKE YOUR SPA EXPERIENCE TO A WHOLE NEW LEVEL AT THE O2 BEACH CLUB & SPA IN BARBADOS
- New eighth floor spa boasts 260-degree views of the south coast as well as the island's only Bajan Hammam

The brand new [Acqua Spa](#) is now open at the [O2 Beach Club & Spa](#)!

Located on the eighth floor of the resort's new nine-story tower, the full service spa is the highest on the island with unrivalled breath-taking panoramic views of the sparkling Caribbean Sea through floor to ceiling windows.

Boasting luxurious white and grey interiors with flecks of gold and Calcutta gold marble, the 5,600-square foot Acqua Spa is light and bright with 260 degree views of the ocean, creating the perfect setting for the spa's concept of wellness through water, bringing the outside elements into the spa experience.

The Acqua Spa offers personalised wellness journeys which start the moment the lift doors open to the fragrance of beautiful aromatic blends, views of the clear blue sea and sounds of the ocean.

After relaxing in the spa's Tranquillity Room with a selection of energising elixirs, fruit infused water and seaweed salad, all treatments begin with a foot ritual and foot exfoliation to immerse the senses ready for treatments to begin.

All spa rituals and treatments at the Acqua Spa are curated with specially designed products infused with the elements of the ocean. OSEA is a luxurious product line based on nutrient-rich seaweed from the pristine waters of Patagonia and the purest organic botanical ingredients combined that helps to connect guests with the healing powers of the ocean.

Example signature spa treatments include:

- **Sea of Life:** OSEA'S Signature Custom Facial which combines custom cleansing and a restorative mask with biodynamic Cranial-Facial Therapy. Organic algae extracts and natural botanical oils restore vital nutrients, vitamins, and minerals directly to skin. A therapeutic neck, shoulder, and hand massage leaves guests glowing from the inside out. Face, jaw, and neck tension slips away, and a feeling of peace and well-being flows in like the soothing tide.
- **Earth and Sea Scrub:** An invigorating full-body scrub, featuring organic algae and sea salts harvested from around the world, exfoliates and softens the skin. A blissful application of anti-aging coconut oil leaves guests feeling relaxed, refreshed, and renewed.
- **Ocean Skin Brightening Ritual:** A treatment to achieve glowing skin all over with a brightening body scrub before being cocooned in an illuminating sea algae and clay body mask. While swaddled, a brightening Vitamin C Probiotic Facial Polish and White Tea and Resveratrol facial mask smooth and illuminates the complexion. Mineral Peptides and Hyaluronic Acid lock in hydration, soften the look of fine lines and wrinkles and leave skin plump and smooth.

- **Vagus Nerve Meditative Massage:** A unique massage experience to activate the calming effects of the Vagus Nerve, the longest cranial nerve in the body reaching from the brain to the gut. This treatment helps regulate stress, rest and digestion response via steaming aromatic compresses, gentle neck and body massage strokes, cranial holds and a soothing essential oil blend formulated to invite an uplifting, meditative state of consciousness. This precious essence of Juniper, Chamomile, Lavender and Jojoba works to mitigate feelings of stress, while stimulating positivity and wellbeing in the mind and body.

The Acqua Spa also features the only Hammam treatment room on the island of Barbados, allowing guests to book the room as an add on to any spa service or book specific Hammam treatments such as the:

- **Bajan Body Revivor:** A self-indulgent Bajan DIY treat is best enjoyed alone, with a special someone or a small group of friends and involves pots of clay body mask, locally blended body scrub and Andara oil to nourish the body and spoil the soul.
