Houlihan's Restaurant + Bar at the Embassy Suites by Hilton Denton Convention Center Receives LEED Gold Certification

DENTON, Texas– April 12, 2019, O'Reilly Hospitality Management LLC is excited to announce that Houlihan's Restaurant + Bar in Denton, Texas, located at the Embassy Suites by Hilton Denton Convention Center, has been awarded LEED Gold. LEED (Leadership in Energy and Environmental Design) rating system, developed by the U.S. Green Building Council (USGBC), is the foremost program for buildings, homes, and communities that are designed, constructed, maintained and operated for improved environmental and human health performance.

LEED is a rating system devised by the U.S. Green Building Council. It is considered to be the most influential among all the evaluation standards of environmental building, green building, and building sustainability, with six key criteria in sustainable sites, water efficiency, energy and atmosphere, materials and resources, indoor environmental quality, and innovation and design process. The number of points a project earns determines the level of LEED certification it receives. Typical certification thresholds are certified silver, gold, and platinum.

"I'm honored to be a part of something so important with our newly certified LEED Gold restaurant," said Angela Tanner, general manager of Houlihan's in Denton. "At Houlihan's, we pride ourselves on cooking with pure, whole, quality ingredients, and believe this is a big part of maintaining a healthy lifestyle. We also believe that reducing our carbon footprint and creating a sustainable environment is a part of maintaining a healthy lifestyle too. It's incredible to know that we are contributing to both!"

Managed and developed by O'Reilly Hospitality Management, LLC, a leader in sustainable development, Houlihan's at the Embassy Suites by Hilton Denton

Convention Center begin with environmental responsibility.

“This is our second LEED certified Houlihan’s restaurant, and we find that our guests appreciate the inspiration of fresh scratch cooking combined with a commitment to sustainability and the natural environment,” said CEO Tim O’Reilly.

Houlihan’s includes a host of sustainable features:

- Low VOC and reclaimed materials like recycled wood and metal
- Diverted a substantial amount of waste from landfills through recycling construction debris
- Green features include the use of locally-procured construction materials
- Use of biodegradable to-go packaging, as well as composting food debris.
- Reduced utility cost due to energy and water-efficient measures
