LOS CABOS

## Q LIFE

Q Life at Quivira Los Cabos is a club for residents who seek unique ways to enjoy a well-rounded lifestyle while developing friendships with those who share their interests. Q Life offers a broad range of spa services, restaurants, organic gardens, wine and gastronomic events, a farmer's market, art exhibitions, visits to art galleries in San Jose del Cabo, and optional golf and yacht club memberships. Situated at the southern tip of the Baja Peninsula, an enchanting, sun-drenched locale known for its extraordinary desert setting on the sea, Quivira's serendipitous location is ideal for the aims and objectives of Q Life.

From walking trails and bike paths to lovely parks that are perfect for children to a dog's park for the furry friends, Q Life defines a lifestyle that goes beyond the ownership of a well-designed, well-appointed home or condominium at Cabo's premier residential community. Among the multi-varied pursuits available are yoga classes, golf lessons for kids and teens, movie nights, Spanish lessons, a book club, pickleball games, salsa classes, and owner cocktail parties in addition to cooking classes, painting lessons and an outdoor cinema.

"The real beauty of Quivira comes from living life at your own pace," said Taber Anderson, Managing Director of Quivira Los Cabos. "We want people to put down roots and truly enjoy their time here. By celebrating the art of living well, supporting and encouraging local and regional providers, and seeking the company of those who share common values, members can transform minutes into unforgettable moments."

Themed Pillars enable residents to pursue a myriad array of passions and interests. For example, the Cultural Experiences Pillar at Quivira Los Cabos takes advantage of the surrounding waters by hosting day trips by sea to visit local artists in Todos Santos and other nearby enclaves.

The Cultural Experiences Pillar also offers residents the opportunity to expand their creative horizons. Artists share their knowledge and experience with members, in disciplines ranging from music and theater to painting and sculpture. Art film screenings and staged plays are also available.

For members who derive pleasure from planning a memorable dinner, the Organic Life at Quivira, under the guise of the Flavors Pillar, gives entree to the Quivira Organic Garden and Market, where residents can be vendors or patrons. Green-thumb types can enjoy the unique pleasure of cultivating their own gardens, sharing the bounty with friends and neighbors, or joining a special cooking class with fresh ingredients sourced from the vegetable garden.

In a similar vein, the Flavors Pillar invites residents to delve into the fascinating world of Mexican wine and discover the nuances of fine winemaking. The wine and beer tasting experience is a singular pleasure and a perfect way to celebrate Q Life.

For those who hear the call of the sea, the Quivira Chillin' Pillar offers members access to a yacht club with fishing trips, sunset sails and excursions, lively clubhouse gatherings. Members also enjoy exclusive access to Quivira Golf Club, a world-class Jack Nicklaus Signature Design, ranked among Golf Digest's "World's 100 Greatest Golf Courses."

Outdoor gym stations, a beach club and a state-of-the-art fitness center, plus ocean-view yoga classes and access to the Armonia Spa Collection of award-winning spas, will provide residents with a healthy lifestyle of wellness thorough the balance of the body, mind and spirit.

Looking ahead, Q Life will offer an invitation to join the resort community's highly regarded turtle release program each fall. In addition, whale watching expeditions will be organized to see migratory humpback whales from December through March, when these magnificent mammals visit Los Cabos to calve. In sum, Q Life at Quivira Los Cabos offers members the chance to live life inspired.
