## The Divine is in the Details

A luxury boutique hotel and spa, featuring its sophisticated Mediterranean style and design; located in the exotic vacation destination of Sedona, Arizona. The ambiance is most alluring to those planning a vacation, holiday, get-away or retreat.

Sensual Moroccan motifs; Almeria gardens and courtyards; carved stone columns and cascading water elements weave together the hotel's guest room accommodations, spa, restaurant, lounge and event venues.

While rigorously providing all the modern conveniences, such as high speed wireless Internet and LCD flat screen televisions in every room, the interiors are infused with Moorish themes and contemporary backdrops. The mix makes the experience of exploring the hotel's grounds one of vague familiarities, as the nostalgic blends with the decidedly new.

Hand-carved stone columns from Indonesia are lit from the inside to glow at night and outline the hotel's courtyards. In-room soaking tubs in the Spa rooms and spacious walk-in showers with overhead 'rain shower' sprays in many rooms. Delicate ironwork balconies and courtyard railings reflect the bronze-age craftsmanship found throughout southern Europe. Sumptuous linens cradle the guests every night after a day's trail ride or canyon hike.

Set in the middle of Sedona's Red Rock Country the Sedona Rouge Hotel & Spa is located on the corner of Rodeo Drive and Hwy 89A, an easy drive to world famous art galleries, shopping and restaurants.

For the adventurous romantic and the lover of the exotic, Red Rock Country holds the mystery surrounding the Sinagua Indians and time has not diminished the sacred ceremonies of Native American cultures. Through hundreds of acres of designated National Forest land, an explorer can stumble into the serene and then suddenly, be taken quite by surprise; by a vista so beautiful it seems surreal.

And for the golfer, three 18-hole golf courses, of exceptional design, are within twenty minutes of the hotel.

Our concierge will create your itinerary based on your personal interest and desires. Undeniably, your time with us will linger in your memory long after your visit.
