The Bay Beyond

In Hawaii, **Montage Residences Kapalua Bay** is offering the chance to own a rarely available, corner-positioned home overlooking Kapalua Bay and Maui’s outer islands. Priced at \$7.875 million, Residence 1405 offers 3,239 square feet of open, fully furnished living space highlighted by recent renovations to the tune of more than \$1.5 million. Think a reconfigured kitchen and sand/laundry room with upgraded appliances and additional refrigerator, wine and freezer storage, and a master bath with a hideaway TV that rises from woodwork near the soaking tub. Automated blackout shades were added to every window and a Sun Bright TV was installed on the lanai, while all of the hallways and baths feature motion-censored lighting, and six iPads are easily accessible to change audio and TV functions throughout the entire home. An added bonus? Luxe Montage amenities, including a pair of championship golf courses, miles of hiking trails and an array of ocean activities. *montageresidenceskapaluabay.com -W.B.*

Follow the STARS

The luxe oceanfront **Seven Stars Resort & Spa** on Grace Bay Beach in Turks & Caicos has rolled out \$12 million in Orior-designed enhancements, complete with a revamped open-air lobby and suites sporting new furnishings and finishes; an additional pool; upgraded and renovated fitness center; and expanded Spa & Boutique, with new culinary offerings set to be introduced later this year. “Of the three capital-enhancement programs we’ve done since we launched the property 10 years ago, this one is the most design-driven and extensive with just about every aspect of the resort guest experience touched in one way or another,” says the resort’s Chief Marketing Officer Bryan Guillot. “The colors, textures and finishes featured throughout the redesigned guest rooms and suites have a sophisticated island sensibility that is truly distinctive, the original artwork we commissioned from Andrew Humke is inspired, and our many loyal return guests are abuzz about the new second adults-only heated saltwater pool.” *-W.B.*
