STATEMENT ON COVID-19 STAFF IMMUNIZATIONS

SEVEN STARS RESORT & SPA, GRACE BAY BEACH COMPLETES FIRST ROUND COVID-19 VACCINATIONS AMONG RESORT STAFF

Providenciales, Turks & Caicos (February 11, 2021) – Seven Stars Resort & Spa, Grace Bay Beach remains all-in when it comes to ensuring the safety and wellness of its staff and guests.

The resort, which has been pro-active in putting safety measures and best-practice protocols in place since the hospitality industry began responding to COVID-19 last year, is pleased to announce that 100% of all staff that have requested the vaccination for COVID-19, have now received their first of two inoculations. This represents more than 70% of current staff overall, as daily testing of staff continues. Administering of second round vaccinations are due to be completed by the end of February 2021.

Last month, Seven Stars Resort & Spa was among the first to announce that it had introduced complimentary rapid antigen testing for guests following the CDC's requirement that returning visitors show proof of a negative COVID-19 test within three days of travel back to the U.S. Since January 26, the resort has helped hundreds of guests get tested before returning home. The tests are administered on-site 24-72 hours prior to departure by a certified lab technician and are available complimentary to all guests over the age of two.

About Seven Stars Resort & Spa's COVID-19 Protocols

Seven Stars Resort & Spa's enhanced operational protocols and procedures were rolled out in July 2020 with the introduction of the resort's **Clean Stay Promise' Sanitization Measures**. These include advance check-in formalities to reduce "front desk" time upon arrival; infrared guest temperature checks; a care kit upon arrival; hand sanitizer stations throughout the property; reduced capacity throughout all resort outlets; turn-down service by request; and rigorous sanitization and housekeeping procedures property wide. In addition, the resort introduced its **Anywhere Dining** program, digital menus and a QR code ordering system, in addition to two new private spaces - **The Tasting Room** and **Rooftop Garden** for more intimate dining experiences.

About Seven Stars Resort & Spa

Framed by Grace Bay's world-famous white-sand beaches and the marine preserve of Princess Alexandra National Park and named for the storied Pleiades constellation which is said to shine brightest over Turks and Caicos, Seven Stars Resort & Spa's attentive and highly personalized guest service, innovative offerings, and exceptional accommodations and amenities have made it one of the Caribbean's most iconic, top-ranked luxury resorts. Following a \$12 million capital improvements program completed in 2019, the resort's offerings now include two oceanfront heated salt-water pools, offering champagne and cocktails service direct to your lounge chair, and a full redesign by Orior of its lobby and 167 spacious and luxuriously appointed junior, one-, two- and three-bedroom suites with private balconies, stylish furnishings and gourmet kitchens. The resort is also best known for its island-inspired gourmet dining served at its signature fine dining *Seven* restaurant and The Deck, a popular beachside open-air restaurant and bar; the expanded full-service *Spa* at Seven Stars Resort; expanded fitness center, and Spa Boutique, along with complimentary WIFI, breakfast, fleet of bikes, non-motorized watersports, and morning yoga on the beach offered daily.

Seven Stars Resort & Spa is located just 20 minutes from Providenciales International Airport, with nonstop flights available from major North American cities and direct flights from London.
