GRENADA CITIZENSHIP BY INVESTMENT

Grenada is a place that feels like home in an instant. To foster that sensation further, those who invest in a Silver Sands villa will gain an opportunity to obtain Grenada Citizenship by Investment (CIP).

THIS ALLOWS

- Global mobility via visa-free access to 125 countries (including the UK, European Schengen countries, Singapore, China, Hong Kong and Ireland among others).
- Ninety-day sojourns in every 180 days in Europe and the UK.
- No physical residency is required, and there is no restriction on nationalities that may apply for citizenship.

THE PROCESS OF APPLICATION

CBI has been re-established by the Citizenship-by-Investment Act, No 15 of 2013 passed by the Grenada government. Every applicant – including family members – must be individually vetted, and work through a licensed marketing agent. This agent will liaise between the Investor and the Local Agent (who acts as Escrow Agent). The process of applying for Grenada citizenship will be fast-tracked to take just four months provided all due diligence checks are clear.

WHAT ARE THE BENEFITS

- Zero tax is levelled on gifts, inheritance, foreign income or capital gains.
- There is no restriction on the repatriation of net profits generated in Grenada and imported capital. The Government also offers incentive packages, including corporate tax incentives, full exemption from import duties, tax relief benefits and export allowance from businesses proposed in the priority sectors of tourism, agriculture, health and wellness, yachting and manufacturing.
- Grenada's strong business relationship with the US means that anyone holding Grenada citizenship will be eligible to apply for an E-2 investor visa and will be granted access to the US for the purpose of directing and developing substantial investments in US businesses.
