& Shoes

Bring: Sunscreen, Insect
Repellent, Swimsuit, Cash for
purchases

DAY SAIL CHARTERS

THE EAST COAST DAY SAIL

Depart from the Lagoon and sail south then east to Calivigny Island or Benji Bay, Calivigny is a beautiful tropical island with a lovely sandy bay on the south coast of Grenada.

Often, on the passage to Benji Bay or Calivigny, Dolphins or Whales can be seen in these deeper waters. The fishing is generally good on these sails, we often catch Barracudas, Snappers or small Mahi Mahi.

Both locations have good snorkeling and clean, crystal water.

A full, freshly prepared lunch is provided once we anchor. There is one stop only with these sails.

These sails are in waters where the Atlantic meets the Caribbean Sea and so are slightly longer and livelier. We generally recommend this sail for those wanting to do more sailing than snorkeling, for adults and teenagers and smaller groups.

THE HOG ISLAND DAY SAIL

Depart from the Lagoon for some lively, southerly sailing toward Reindeer Shoal, off Point Salines. We stop and anchor in the lee of Glover's Island – which was a deserted Norwegian whaling station in the 60's.

Here, the water is crystal clear and full of very playful Eagle Rays and their families. Snorkeling here is a lot of fun!

We up anchor and return to the west coast, sailing north to the calmer Morne Rouge Bay. This bay has a superb, white sandy beach and calm, crystal waters – perfect for swimming and snorkeling.

A full, freshly prepared lunch is provided once we anchor. There are two stops with this day sail. This sail is ideal for those wanting a taste of open ocean sailing, those with teenage children or a little more adventurous guests.

THE WEST COAST DAY SAIL

Depart from the Lagoon and sail north along the West Coast. Our first snorkeling stop is at the world famous underwater Statue Park at Moliniere Bay. Here our snorkel guide will accompany you to ensure you see all of the statues.

Once you return to the boat we resume sailing north towards the beautiful, secluded Mango Bay. This is a calm, sheltered bay with a volcanic sandy beach and some super snorkeling along the rocky shore edge.

A full, freshly prepared lunch is provided once we anchor. The views along the coast are superb and occasionally Dolphins or Porpoises can be seen. In general, this is a quieter, smooth and often exciting sail, with two stops.

We usually recommend this type of sail for larger family or friendship groups, guests that are nervous, the elderly or groups with young children.

THE WEST COAST DAY SAIL

All the above day sail routes are 7 hrs long – starting at 9am and finishing at 4pm.

This sail includes a full barbecue lunch freshly prepared on deck by the Captain, consisting of swordfish steaks and chicken, a variety of fresh salads and fruit selection. Unlimited rum punch, beer, bottled water and soft drinks are included, together with snorkeling equipment, fishing gear and life jacket.

All sails are private.

EXTENDED DAY CHARTERS

ISLE DE RONDE DAY SAIL

St. George's – Isle de Ronde . This is a small uninhabited island at the north of Grenada, midway between Grenada and Carriacou, east of the submerged volcano 'Kick 'em Jenny'. Traditional slave pens from slaves, who once lived on Isle de Ronde and farmed cotton, can still be found there. It is an excellent dive spot. There are lobsters in abundance and rays and all types of fish swimming in blue crystal waters. There is one stop only with this sail. This trip offers exciting open ocean sailing and some terrific snorkeling. It is suitable for those with some sailing experience and want to spend the greater part of the day sailing.

SANDY ISLAND DAY SAIL

St. George's – Sandy Island. This is a small, uninhabited island off the northeast Coast of Grenada. It has some unusual rock formations and a most beautiful, small sheltered lagoon; the water is pristine and the sand gloriously white and unspoiled; Unusual reef fish, Sand Dollars and rare shells can be found there. There are the remains of an old plantation house and lots of palm trees. It's very much what you image a desert island to be like. In fact, we are told, that this was the location for the original Bounty chocolate bar, desert island advert. This trip offers exciting open ocean sailing and some terrific snorkeling. It is suitable for those with sailing experience and want to spend the greater part of the day sailing

To get to these islands entails a longer sail along the West Coast of Grenada and then in the open ocean north of Tanga Langa point, Grenada.

SANDY ISLAND DAY SAIL

The day usually starts at 8am and finishes after sunset.

We recommend these trips for people who are physically able and more adventurous or those who have had some sailing experience. Not suitable for large groups, young children, elderly or nervous guests. .

All trips include rum punch, beer, juice, bottled water & soft drinks; a full barbecue lunch freshly prepared on deck by the captain, consisting of swordfish steaks and chicken, seasonal salads and fruit.

Snorkeling equipment, fishing gear and safety jackets provided.

Both sails are private.

HALF DAY CHARTERS

Our typical sail is to the underwater statue park at Moliniere Point, followed by refreshments. Then sailing south to Point Salines, returning to the dock for 4pm. Alternately, we can sail for four hours, or sail to Morne Rouge beach – generally we'll try to accommodate whatever you'd like to do in the four hours.

Half day sails are three hours long. They usually run from 9am – midday, or 1 – 4pm. However, we do try to be flexible and fit in with any particular time frame that you might have in mind.

Refreshments include a selection of cocktail sandwiches, unlimited rum punch, beer, bottled water, juice or sodas.

Safe, calm conditions make half day sails perfect for everyone and any size group small or large.\
