PARADISE FOUND

You may think you know the world. You may even think you have seen it. But you have never known or seen anywhere quite like Grenada.

Known as “The Spice Island”, its name speaks to much more than the local’s prodigious production of nutmeg and mace. Indeed, the island’s many contrasts and contradictions blend to create a setting like nowhere else in the world. A place where wild rainforests are tamed by soft, sandy beaches; where blissfully quiet evenings are enhanced by the sound of cicadas; and where the fresh air is scented by sweet-smelling fruit and flora. Among all of this, you’ll find African roots mixing with colonial history; where Creole-tinged cuisine meets traditional folk tales, and where cultures and stories are constantly reinvented. Grenada is where the exotic becomes familiar. And the familiar becomes exotic.

OUR PLACE IS
YOUR PLACE

Where you sleep and where you wake up
should feel effortless. Our architecture
creates a seamless connection between

Silversands and the sights and sounds of
Grenada's breathtaking natural landscape.

CHILD POLICY
Silversands Grenada is a contemporary beachfront resort envisioned as an idyllic getaway destination in the Caribbean.

While we are not a family-style resort, families travelling with children are welcome. Accordingly, we offer a range

of accommodation options, including rooms, suites, and interconnecting room-suite combinations.

For families looking for the ultimate luxury stay, we recommend our spacious Beachfront or Hillside Pool Villas offering up to four bedrooms, ample private spaces and incomparable vistas.

We know little ones like to wander and explore, however due to our expansive beach-front location, 100m (330 ft.) long main pool, and also as we have no lifeguards on duty within the hotel, we ask that children be supervised by adults travelling with them at all times. For their own safety and as a courtesy to all guests, children without adult supervision are unable to enter the public areas of the hotel and we appreciate your understanding in this regard.
