Bryan College Station

Other recent hotel openings include The George (August 2017), a 162-room boutique property with 10,000 square feet of meeting space, and The Stella (April 2017), with 177 guest rooms and 10,000 square feet of meeting space. The George has a sister property, Cavalry Court, a 140-room hotel featuring a retro-military style of the 1950s and '60s but with modern amenities, which offers 3,000 square feet of meeting space. According to Bryan College Station CVB staff, The Stella and Cavalry Court properties can be combined as one meeting-space package and handled with one sales and management team.
