THE ADDRESS BOOK

LA BARONNIE HÔTEL & SPA
 27 Rue Baron de Chantal
 Saint-Martin-de-Ré, France

Ile de Ré is well deserving of its reputation as France's version of the Hamptons, and this 18th-century mansion, hidden in the island's capital, is surely its crown jewel. More like an aristocrat's family home than a stuffy hotel, the property comprises 22 objet-d'art-filled rooms, while the high-walled garden provides a tranquil escape from the down-from-Paris crowds, who congregate at the nearby harbor.

DELEK TULUM
 Boca Paila Rd., 77780
 Tulum, Mexico

At this Yucatán eco-resort roughly two hours south of Cancún, you might elect to stay in the master suite, a cathedral-ceilinged palapa overlooking the Caribbean. A toes-in-the-sand restaurant serves locavore Caribbean fare. Yoga and steam-lodge ceremonies restore one's balance, and there's even a kite- and paddle-surf school on the premises.

 Everett, MA

Las Vegas glamour has arrived on the East Coast with the opening of Encore Boston Harbor, the latest from Wynn Resorts. The hotel has imported the popular Sinatra restaurant—featuring Frank's favorite osso buco—but don't miss the hotspots created with Boston in mind: Waterfront, with its craft beer and seafood, and Mystique, an elegant restaurant serving Asian-inspired fare.
