Lobby Art

- From Richard's Invisible Man series, The Dominick has selected an 80 x 40 daisy-bearing version to install The Dominick lobby as part of their permanent collection.
- A sister piece titled, Invisible Man Selfie, is also installed in the lobby and is available for purchase.
- The Dominick and Richard are currently planning an elaborate drip painting at The Dominick's entrance on the corner of Spring and Varick Streets.

'The Street Art Suite'

- Landmark Sunset Penthouse (4405) has been transformed into an in-residence, custom-curated gallery for Richard's work, showcasing 8 original pieces, including a drip painting on a reclaimed door, altered NYC street signs and ironic oil paintings.
- The Street Art Suite collection will rotate often and all pieces are available for sale through The Dominick and Richard's gallerist.
- Guests who book the Street Art Suite will be able to commission their own portrait - or other likeness - either in the form of street art or something to add to their private collection.
- The package includes (1) commissioned 22 x 16 drip-painted portrait on cotton paper, however, guests who book will work directly with Richard to select the perfect style and can choose to enhance the final artwork for additional fees.
- The Street Art Suite is available for booking from November 17, 2022 - March 31, 2023.
