## Body Treatments

### *Sugar Glow Body Polish*

Be pampered with our signature body scrub specifically designed to fight the desert air. Exfoliate and nourish with this lavish treatment created to increase blood flow and soften skin. Once exfoliated a lotion application is used to lock in moisture and improve new skin tone

### *Post Sun Firming Wrap (shower-less)*

Your treatment begins with a dry brush to the body to exfoliate and prepare the skin for full absorption of the Seatonic Firming Gel and Oligoforce Firming Serum blend applied to the full body. With your body immersed in the benefits of the wrap, enjoy a scalp massage. Finally, the wrap is removed and the remaining blend will be massaged into the skin. Firming and Sun Treatment

### *Anti-Aging Well Being Massage (shower-less)*

Your treatment begins with an application of creamy body sea scrub to exfoliate your full body. Next, you will receive a massage with Bi-Phase Massage Concentrate to tighten and firm the skin for the remainder of your service. Hydrating and Anti-Aging

### *Ion Detox Foot Bath*

Eliminate toxins so your body can heal itself. Detoxification is vital to overall health. This cleansing treatment uses electrodes in a water filled footbath to increase "chi". Chi is known in Chinese medicine as the electro-magnetic force that is stored within the body and utilized by the cells. The process of this ion footbath will help release foreign material trapped in the body's systems of elimination

### *Cellulite Treatment (includes shower)*

Your treatment begins with a dry brush to the body to exfoliate and prepare the skin. We apply Thermosculpting mud to torso and wrap in micron foil drawing out excess toxins. After shower we massage with a contouring massage lotion & Celluli Attack concentrate mixture to full body. Cellulite Treatment

## Facials

### *Customized Facial*

In our Signature Facial, your esthetician will perform a skin analysis to custom design the perfect facial for your skin type and current skin condition

### *Facial Infusion (Osmosis)*

The first non-acid peel in the skin care industry that creates significant stimulation in collagen production. Our facial infusion feeds the dermis to encourage cellular renewal. The delivery of ingredients make it the most effective peel on the market
