

DC

Contura

- For use with open cockpit and flybridge applications using switches to compliment existing controls commonly used
- Designed for 12 or 24 volt systems
- Watertight mounting gasket
- ON indicating LED embedded in all switches
- Includes small format label set 8217 or 8214
- Switching rating: 20 amps@ 12 volts DC/ 15 amps@ 24 volts DC
- Circuit breaker rating: 15 amps, CLB

Weatherdeck Waterproof

- Green LED illuminated circuit label
- Integrated switch guards reduce risk of accidental switching
- Independent label backlighting allows switching and dimming
- Multiple panel mount options
- Panel front rated IP67, when properly mounted with water tight mounting gasket
- UV stabilized weather resistant faceplate, square format labels includes amp max operating: 15 amps@ 12 volts DC (per circuit)/ 9 amps@ 24 volts DC
- Backlight voltage 12 or 24 VDC
- Circuit breaker rating: 15 amps, CLB

Circuit Breaker Panels

BLUE SEA SYSTEMS

Design and Order a Custom Panel in Three Easy Steps

Design and Order custom panels online

The 360 Panel System uses an open frame to mount a broad selection of modules, allowing multiple functions to be combined in a single panel. This innovative design offers a wide choice of AC and DC panel features, can accommodate future changes, and permits rapid assembly. With options ranging from battery management to source selection, the 360 Panel System provides a wide range of design flexibility.

List pricing in catalog is subject to change without notice.

Blue Sea Systems labels are made using a scratch resistant polycarbonate material and are back-printed for durability. Custom Labels for the 360 Panel System can be ordered in any language and are available directly from Blue Sea Systems along with over 500 standard or square format labels.

1

Launch
the Panel Wizard at wards.panelwizard.blueseasystems.com

2

Design
the panel with modules, circuit breakers, and labels. The list price is updated with each change.

3

Save
the panel design and request a quote. Panels ship within ten business days of order receipt.

BLUE SEA SYSTEMS

DC (Continued)

Branch Circuit 360 Series

- Used with A series style circuit breakers
- ON Indicating LED in all circuit positions
- Includes 4205 label set
- Panels with voltmeter include a toggle switch to monitor voltage on up to three battery banks
- Pushbutton reset only circuit breakers

AC

Main Circuit Breaker

- Used with A series style circuit breakers
- Red reverse polarity indication LED
- Green ON indicating LED
- Backlit label positions for select models
- 120 volts AC nominal voltage

Branch Circuit

- ON indicating LED in all circuit positions
- Backlit label positions
- 100 max amps
- Flat rocker actuators
