The Monterey Plaza Hotel & Spa nicknamed “The Grand Dame of the Bay”, recently debuted its Cruising California Package in partnership with Monterey Touring Vehicles. The package provides guests staying at the luxury hotel with the opportunity to hop in their dream vintage car and drive in style. Located on the historic Cannery Row, Monterey Plaza Hotel world-class services create an unparalleled California coastal getaway.

Monterey Touring Vehicles, with its eclectic, privately owned fleet is the only company on the Central Coast that provides the opportunity to rent classic and vintage cars. While breathtakingly beautiful on its own, the iconic Highway 1 drive is made all the more memorable when riding shotgun in a 1965 Ford Shelby or a 1963 Chevy Corvair.

Drive down the scenic Big Sur coastline, cruise through downtown Carmel-by-the-Sea and sightsee in style along the 17-Mile Drive in Pebble Beach. Sample the region’s world-class wines in the serene Carmel Valley or Rustic River Road wine regions. Grab a bite to eat and tour the historic sites of downtown Old Monterey, Fisherman’s Wharf and Cannery Row. Whatever the reason, the experience of driving a classic car transforms the daily drive into something truly special.

When booking the package, guests not only receive 10% off Ocean View Room accommodations at Monterey Plaza, but they also enjoy 15% off their vintage car rental and waived processing fees. The culinary team at Monterey Plaza will also pack a curated picnic basket to take on the drive and upon return, guests will be greeted by a bottle of local Monterey County wine.
