

..... GIANNI'S STORY

Gianni was born in Catania, Sicily (Italy) in 1946, the 8th child of a loving, yet large family. Growing up, he remembered watching Mama and his sisters cook. It was hard work and traditions were of great importance. And the eating of the food – well that was his favorite part!

As soon as he was old enough, he began cooking with Mama and learned all of her recipes and secrets in the kitchen. He always thought that one day he would like to own his own business. And so, once Gianni became of age he decided to try his luck in the 'Land of Opportunity' and moved to America - landing in Brooklyn!

After learning the ways of his new homeland, he missed the warmth of Sicily. It was then that he decided to live in the happiest place on earth – Orlando, Florida. After a few months in Orlando, Gianni could not find a pizza like his Mama's. In fact, he commented to friends that he felt the "pizzeria market" was lacking. Then one night - after several glasses of Chianti - Gianni's Pizzeria was born! His commitment? To provide the freshest pizza - in half the time of its competitors. Mama would be proud!
