### Cempedak Private Island *Riau Islands, Indonesia*

This exclusive, adults-only tropical retreat is located just 56 miles from Singapore and is one of only a handful of islands set along Indonesia's stunning coastline. Spanning 42 acres, the island features lush rainforest terrain ringed with white sandy beaches. But it's the island's unique architecture that will really draw you in. Crescent-shaped grass roofs top spacious, private villas equipped with private plunge pools and huge decks, providing an awe-inspiring escape for rest and relaxation.

### The Brando *Tetiaroa, French Polynesia*

When actor Marlon Brando discovered this secluded paradise while filming "Mutiny on the Bounty," he said, "Tetiaroa is beautiful beyond my capacity to describe." Accessible by private aircraft, Tetiaroa atoll is located 30 miles northeast of Tahiti and is composed of a dozen small islands surrounding a sparkling azure lagoon. The resort reflects the local culture and lifestyle and features 35 villas set on white sand beaches, two restaurants specializing in Polynesian-inspired cuisine and the Varua Te Ora spa.
