### Zemi Beach House

Following several devastating hurricanes, **Zemi Beach House** underwent a transformation and is now better than ever. Situated on the island of Anguilla, the 65-room property boasts two seasonal and sustainable restaurants; three pools, including the adults-only Tranquility Pool with cabanas; and a spa inside an authentic Thai House transported from Thailand in the 1980s. Here, you'll find a modern hammam, meditation gardens, rain showers, and a therapeutic pool.

### Zemi Beach House

In addition to serious rest, relaxation and romance, couples who love the outdoors can hike from one end of the island to the other, practice yoga on the spa's deck, snorkel, stand-up paddleboard, play tennis, or savor a picnic on the beach. A private candlelit dinner on the beach, as well as rum tastings in the Rhum Room can also be arranged.
