

The Most and Least Visited Caribbean Destinations

Jan 17, 2019 by Laura Ratliff

Despite the devastating hurricanes that rocked many of the Caribbean’s most gorgeous islands in 2017, the region saw 26 million tourist arrivals -- a a 2.7 percent increase from 2016. And luckily, 2018 proves to be even better for these stunning locations. That means you might face some incredibly crowded beaches. To help you plan your trip and find a little peace (or a bustling stretch of sand), we’ve used data from the [World Tourism Organization](#) to round up the most- and least-visited Caribbean destinations.

2. Anguilla, 68,000

Beach at Zemi Beach House, Resort & Spa/Oyster

Often confused with Antigua, its neighbor to the east, [Anguilla](#) is a small secluded island in the British West Indies that’s seen a remarkable influx of luxury hotel development in the past few years. The island was severely damaged by Hurricane Irma in the fall of 2017, but today, Anguilla has largely bounced back. Stay at the modern [Zemi Beach House](#), which features villas with private plunge pools.
