Dining & Drinking

I cover the the best in cocktails and dining.

We all have memories of breakfast buffets at resorts, filled with omelet stations and trays of bacon, or all-you-can-eat options at chain restaurants.

Buffets have a reputation for being pretty generic, an exercise in excess more than opulence. But that's not always the case. There's some incredible buffets going on around with the world, with features that are hard to believe (but have us ready to buy plane tickets and larger jeans!).

Zemi Beach House in Anguilla

[Zemi Beach House](#), the luxury boutique hotel on Anguilla's Shoal Bay East, boasts a delectable, multi-course Caribbean and Latin American inspired barbeque buffet at its award-winning beachfront restaurant, [20 Knots](#). The island feast offers a variety of delicious salads that utilize fresh local ingredients, followed by mouthwatering meats and seafood fresh off the grill paired with locally-inspired sides. Eat your fill while listening to live musical entertainment and sinking your toes into white sugar sand for an unforgettable dining experience.
