# Anguilla Zemi Beach House joins Hilton's LXR collection

**L**XR Hotels & Resorts, Hilton's luxury collection brand which launched last December, will debut in the Caribbean with Zemi Beach House Hotel & Spa in Anguilla.

The 65-room beachfront resort will become part of the LXR brand in November, following a two-month annual closure.

The new name for the resort will be Zemi Beach House Hotel & Spa -- LXR Hotels & Resorts.

The six-acre retreat is located on Shoal Bay East on the north coast.

"Anguilla is on track for a record-breaking season this year as it continues to evolve as a high-end tourist destination. This fully aligns with the identity of LXR's portfolio," said Juan Corvinos, vice president of development of the Caribbean and Latin America for Hilton.

Zemi offers a range of accommodations from guest rooms to penthouse suites and beachfront villa units. Facilities include three pools, five food and beverage venues, tennis, the Kids Club and the Thai House which offer spa treatments and yoga classes.
