# **PARADISE FOUND: THESE BEACHFRONT HOTELS ARE ABSOLUTELY BREATHTAKING**

Sure, we love hotels with pools, but there's something about a beach that just screams vacation (truth be told, we'd like a beach *and* a pool, preferably one with a swim-up bar). Thankfully, there are gorgeous beachfront hotels around the world, including plenty in Mexico and the Caribbean, where it's all about unwinding with a tropical drink and sand between your toes. Here are some of the best beachfront hotels to consider for your next getaway.

## **Zemi Beach House – Anguilla**

Zemi Beach House, a relatively new Caribbean resort, is located on Shoal Bay East beach, one of the island's prettiest strands. After a morning of working on your tan, hit the holistic spa for a Thai massage and sip small-batch Caribbean rums in the Rhum Room.
