ANGUILLA FACT SHEET

To Anguilla, Tradewind offers scheduled flights from San Juan, Puerto Rico and private charter flights from San Juan, Antigua (NEW) and all points in the U.S.

Scheduled flights offer the comfort and convenience of a private charter for the cost of a single seat. Flights are operated in modern, turbine-powered and air-conditioned Pilatus PC-12 aircraft flown by two pilots with complimentary drinks, snacks, wine and beer onboard.

In San Juan, passengers relax in the Tradewind private lounge and depart directly to the aircraft, bypassing the hassles of TSA security. VIP meet and greet service is available from airline arrival to Tradewind departure.
